

STAND OUT IN YOUR  
COMMUNITY WITH A  
.US WEB ADDRESS.

Get your .US web address  
at [www.about.us](http://www.about.us)

## WHAT IS IT?

.US is a domain extension for everyone with an idea or business made for the USA.

## WHO CAN GET IT?

If you live, work or do business in the United States, you can make your online home a .US web address.

## WHY GET IT?

### COMMUNITY

When you build your web presence with .US, you are joining a growing community of 1.7 million addresses. You aren't just shaping an online identity—you are becoming a member of a worldwide network of entrepreneurs and pioneers, like [everybodyshealth.us](http://everybodyshealth.us), [beckybakes.us](http://beckybakes.us) and [robertsauto.us](http://robertsauto.us). With .US, you have a community feel with millions of resources.

### BE FOUND

Registering for a .US is a great way to increase exposure online. Search engines tend to prioritize websites on a .US for searches done within the US. You have an idea or business that needs to be shared with your community. We want to help. With .US, you have a memorable, SEO-friendly domain extension designed to draw the attention you deserve.

### SPIRIT

Your name is your identity. Don't compromise when it comes to your domain. When it comes to taking your business or idea online, it's important to convey the spirit and personality that makes it special. With .US, you can secure the web address that fits best, establishing your online presence the right way.
